

Sealing / Varnishing

Variants

- Vacuum sealing
- With fillers
- Forming with sealing compound

Sealing materials

- Epoxy resins
- Polyurethane
- Silicone

Varnishes

- Impregnation resin
- Polyimide varnish
- Epoxy varnish
- Polyurethane varnish

Know-how

- Mold design and making
- Material selection
- Compounding and sealing systems
- Vacuum chambers
- Curing ovens

Applications

- Protection against moisture
- Protection against damage
- Heat dissipation
- Noise abatement
- Insulation strength

Packaging

- Cardboard packages

Values specified are typical, but not binding.
